FORENSIC MEDICON-2021

A HYBRID VIRTUAL MEETING

WELCOME MESSAGE

Dear Colleagues,

With the blessings of Lord Jagannath, we are privileged to invite you to the 42nd IAFM Annual National Conference (ANC), **FORENSIC MEDICON 2021** scheduled to be held at **S.C.B Medical College and Hospital, Cuttack, Odisha, on 23rd and 24 th January 2021**. Odisha is well known for its temples, unpolluted beaches, Buddhist relics, national parks and wildlife, tribal culture, traditional music, dance, handicrafts and handlooms. The twin cities of Cuttack and Bhubaneswar are the heart of the state. There are several organisations like the Odisha Judicial Academy(OJA), Biju Pattnaik State Police Academy(BPSPA), State Forensic Science Laboratory(SFSL), Regional Medical Research Centre(RMRC) and Institute of Life Sciences(ILS) in the twin city to facilitate the scientific investigations and the administration of justice.

The theme of our conference **“Issues, Challenges and way forward in Forensic Medicine”** shall stimulate the delegates to discuss the new areas as well as the limitations of forensic investigation. Definitely the younger generation shall be encouraged to broaden the horizon of forensic medicine with a multidisciplinary holistic approach.

The enthusiastic preparation for the event however faced a seemingly insurmountable roadblock, when COVID 19 pandemic struck, and restrictions on movement and gatherings were obvious to contain the spread of the disease. They say, “Necessity is the mother of invention”. The classic adage has been a source of constant inspiration for the organising team to overcome the challenge in a structured effort. The conference is hence planned to be conducted in the **virtual platform**, where eminent speakers from across the country and the world will deliberate on various topics, which not only will enrich our understanding, but also provide a unique opportunity to exchange our ideas and thoughts on issues selected for discussion. The postgraduates will be provided with a scope to listen to authorities on subjects and interact with experts on fields of their interest from around the globe.

The organizers will make all possible effort to bring to use the state of art communication technology and offer a memorable academic festival, with an amazing virtual networking opportunity. Under this COVID adversity, we see new hope and ocean of possibilities, with a desire to set standards. We heartily welcome you all to **“FORENSIC MEDICON 2021”**.
